

Design ● SRS ● ETS-X₁^{*} ● ETS-PC₁^{*}

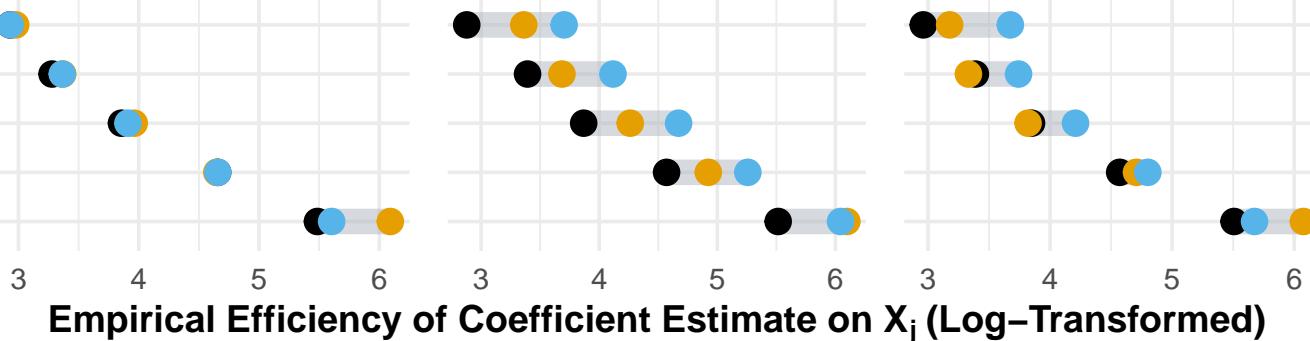

A)

Model of $Y_j \sim X_j$

Independent Covariates
(Zero Covariance)

Dependent Covariates
(Equal Covariance)

Dependent Covariates
(Unequal Covariance)

B)

Model of $Y_j \sim X_j$

Error Variance = 0.06

Error Variance = 0.25

Error Variance = 1

Empirical Efficiency of Coefficient Estimate on X_j (Log-Transformed)
